New Regime Reinstating Many Deposed Officers and Functionaries.

(By the Associated Press.)  
ATHENS, Nov. 22.—Members of the new Greek cabinet are working overtime to establish the new regime and to reinstate thousands of functionaries and military officers removed by former Premier Venizelos. Apparently the new ministry is attempting to pursue a policy of moderation toward followers of the former policy. It is known sentiment may be found in the retention of Venizelos as minister of foreign affairs. "Please call the attention of Americans to the fact that the nation is now united," said Demetrios to the Associated Press today. "This is shown by the joy over the nation's deliverance during the past few days. We are no longer trying to assassinate others, as M. Venizelos predicted, because of his non-alignment."  
M. Gournaris does his work in a small domain when not at the war office and is still alert, smiling and cheerful over the aspect of the future.

When the results of the election of officers of the Memphis Traffic Club were announced at the annual banquet at the Hotel Gayoso, Saturday night, Maj. J. M. Walsh, terminal superintendent of the Illinois Central railroad, was found to have been the winner in the presidential race by a close vote, after spirited balloting lasting from 7 to 8 o'clock.  
Other officers elected were: C. A. Russell, assistant freight manager for the Southern railway, first vice-president; J. H. Townsend, secretary-manager of the Southern Hardwood Traffic Association, second vice-president; L. E. McKnight, secretary; W. B. Ryan, assistant general freight agent for the Illinois Central, treasurer; M. Beley, A. M. Crawford, R. H. Wallace, R. E. Buchanan, J. B. McGinnis and H. W. Stigler, directors.  
The newly elected officers are to assume their duties at once.  
More than 200 traffic men attended the banquet. J. M. Beley, the retiring president, was toastmaster, and among the speakers were C. P. J. Mooney, editor of the Commercial Appeal, and Fred Collins, vice-president of the Bank of Commerce and Trust company. T. C. Davant, vice-president of the Western railroad, was an out-of-town visitor.

## DISEASE CONTROL IS SUBJECT OF COURSE

WASHINGTON, Nov. 22.—Nearly 500 physicians, social workers and public health officials from all parts of the country enrolled here today for a special two weeks' training course in venereal disease control and social hygiene conducted by the United States public health service. The purpose of the course is to familiarize those attending "with the recent marvelously swift advance in the medical and social aspects of the venereal diseases," and to stress the importance of the preventive or social side of the problem, as well as the medical.  
The training course is conducted as a preliminary to the all-American conference on venereal diseases to be held here Dec. 6 to 11, the first of a series of conferences suggested by the international health conference held last year under the auspices of the League of Red Cross societies.

## BOSTON "TECH" GIVES GEORGIANS WELCOME

They also attended a reception at which Gov. Coolidge, vice-president-elect, welcomed the delegation in behalf of the commonwealth.

## FALL PASSPORT TO BE VISED, REPORT

MEXICO CITY, Nov. 22.—Roberto Pesqueira, Mexican confidential agent in the United States, acting without authority in ordering Mexican consular agents on the international frontier not to issue the passports of United States Senator Albert B. Fall, of New Mexico, who proposed to visit Mexico City and attend the inauguration of Gen. Alvaro Obregon as president on Dec. 1.  
This statement was made to the newspaper El Universal yesterday by Dr. Cutberto Hidalgo, undersecretary of foreign affairs.

## SPECIAL SCHOOL LEADS IN DEPOSIT RECORDS

The Jefferson Special school, Fourth street and Jefferson avenue, ranks first among all schools of Memphis in records made by the children for the school savings bank.  
It is the only school in the city to have 100 per cent, showing every member having placed something in the bank.  
The Leath school is next, according to a report issued this week by the bank, which is controlled by the board of education.  
This record is made doubly interesting through the fact that the Jefferson special children are all sent there for being habitual truants and having records for continued misconduct in the schools they came from.  
The children are not made to place money in the savings bank, the teachers say, and they are largely from poorer homes.  
The Jefferson has been called "the pep" school, and its children are among the brightest in the city. They have a record for singing which is becoming rapidly famous and their performances are worthy of wide note.

It is not thought that an appointment will be made during this term of the court.

## TENNESSEE SOCIETY OPENS SOCIAL SEASON IN GOTHAM WITH GREAT SUPPER-DANCE

In the sixteenth year of the organization of the Tennessee society in New York, the opening supper-dance was attended by 237 members of the society at the McAlpin hotel on Thursday, Nov. 18.

Nothing has been left undone to make the coming season the most successful in point of interest, benefit and brilliancy.

It was announced at the supper that Chancellor James H. Kirkland, of the Vanderbilt university, Nashville, Tenn., is to be the principal speaker and guest of honor at the annual Jackson day dinner of the Tennessee society in New York, Jan. 8, 1921. The Vanderbilt university is one of the 10 largest institutions of its kind in the world and Tennessee is richly proud of it.

It was announced that the third supper-dance is scheduled for Feb. 10 and the fourth for March 10.

By far the most interesting man at the party was a young man 29 years of age, Lieut. Commander Alexander G. Lyle, of the battleship Tennessee, who entered the navy on May 12, 1916, and had the pleasant surprise on last Armistice day of being decorated with the Congressional Medal of Honor for extraordinary heroism and devotion to duty while serving with the Fifth regiment of marines under heavy shell fire on April 23, 1918. Alexander Lyle was in France from June 4, 1917, to June 3, 1919, and where the marines were he was with them. Needless to say the old Volunteer state as well as

the ship are delighted that Alexander Lyle received such distinction from Washington, as this is the same great medal that congress also awarded Sergeant Alvin C. York.

Capt. Richard H. Leigh, commander of the ship, who was also decorated with the distinguished service medal, brought Mrs. Leigh to the dance so that they could meet all of their old friends from home.

As features of the supper-dance special parties were given by Raymond W. Alley, Hulon Capshaw, Barren G. Collier, Dr. Howard Donnan, Berry W. Durth, Robert Lee Dunn, Mrs. Thomas P. Gallor, Grosvenor K. Glenn, Mrs. J. T. Harrah, R. Veasey Jones, E. A. Kellogg, Dr. Ben Witt Key, Dr. Joseph E. J. King, Mrs. Virginia P. Lawrence, Malcolm Meacham, Miss Edna Richardson, Dr. G. A. Robinson, C. H. Tipton and Harris L. Wofford.

At the request of Dr. James J. King, president of the society, a short historic review of the fair city, it is well for us to stop for a moment and not only think of our faith in God, but of God's faith in weak and frail man," declared Rev. Warner C. Barham, pastor of Epworth Methodist church, Sunday night in a timely sermon before St. John's Methodist congregation, where he spoke in the absence of the new pastor, Rev. C. C. Grimes, who was unable to arrive in time to conduct the service. Rev. T. E. Sharp, presiding elder of the Memphis district, occupied the pulpit at Epworth church.

## High Wages Hit Army Tank Corps

WASHINGTON, Nov. 22.—The army tank corps has suffered from many resignations and few re-enlistments because soldiers in this arm of the service find it easy to obtain lucrative employment in civil life, says the annual report of Brig.-Gen. S. D. Rockenbach, chief of the corps, made public today.  
The corps returned from France in July, 1919, with a greatly depleted personnel, but in the past fiscal year a net gain of 20 officers and 1,548 enlisted men were made, the report says, leaving, however, a considerable shortage still to be made up.

## REV. WARNER C. BARHAM PREACHES SERMON

"At this time when a great wave of crime is sweeping over our fair city, it is well for us to stop for a moment and not only think of our faith in God, but of God's faith in weak and frail man," declared Rev. Warner C. Barham, pastor of Epworth Methodist church, Sunday night in a timely sermon before St. John's Methodist congregation, where he spoke in the absence of the new pastor, Rev. C. C. Grimes, who was unable to arrive in time to conduct the service. Rev. T. E. Sharp, presiding elder of the Memphis district, occupied the pulpit at Epworth church.

## The Fact That We Are Able To Announce That We Have Sold 3 Bungalows

(As Per Photographs to the Right)

## Is POSITIVE Proof of Our Claim of VALUE, Especially as these three homes represent a total of a few hundred less than \$40,000.00

The three families whose new homes are pictured here have solved the high rent problem for all time. In addition to that they have taken advantage of the present depression to buy at prices fully ten per cent lower than the same homes can be constructed for now or next spring.  
The housing problem is growing more acute. To keep rents from going higher next September, Memphis would have to build 3,000 houses in nine months. Less than 350 have been built in 1920!

## We Are Offering, at RIGHT PRICES,— High-Class Bungalows

Now Nearing Completion, North McNeil and Glen View Sections

They are exceptionally high-class homes, built under owners' personal supervision, of best materials purchased in large quantities. Located in most desirable, carefully restricted residential neighborhoods. Owners have authorized us to quote prices much below actual worth.

If you need a home, take advantage of the present depression to purchase under the market. Purchase a really fine bungalow, one perfectly arranged as to plan, built of highest class materials and under most critical supervision. Purchase at less than next year's valuation, a home so well located that you will want to spend a lifetime in it.

The owners pooled their interests and built twenty-five bungalows without borrowing a dollar on them. In that way they saved fully 10 per cent in financing. They secured permission to use plans experience has proven most livable. They purchased the materials of original sources, buying the best, obtaining thereby lower prices than otherwise. Having much experience they employed no general contractor, but supervised all construction, charging no salaries. As a result, each bungalow is a beauty; each is as well constructed as if you were to select every piece of material yourself; each cost much less than if contracted for separately.

Now—The owners wish to sell. They have a large amount of money invested bringing no return. They are willing to forsake profits to immediate purchasers. They have authorized us to quote prices that are much lower than the same property can be purchased for next spring.

Remember—no difficult loan to assume. No former owner to find. No third and fourth mortgages. Instead—you are buying from owners who are responsible for any possible defect in construction.

If you need a home call upon the undersigned first thing tomorrow morning, or call up any member of the Real Estate Association. Salesmen showing you these high-class bungalows will not consider you under obligation to buy, provided you are sincere. Consider the proposition carefully. Talk it over with your family and take action.
